# MEADOW LAKE ADVISOR

## PLEASE PLEASE PLEASE SLOW DOWN!

Why do we have to keep repeating this request almost every month? I live in the first building coming into the complex and some days feel like I need to stand in the middle of the street with one of those checked flags they use in a drag race to halt traffic. Isn't that a little ridiculous!!

Does there have to be a tragedy on our street before some things change.

 For those who may be new residents here, we will remind you that the speed limit at Meadow Lake is 15 MPH. Please folks - are you all in that big a hurry that you can't slow down at least a little.

## PARKING LOTS

We have not painted the lines and lettering in our lots for 5 years now and we are getting ready to do that. Our contractor who has done them in past years, Tom Spicuzza, will do the work for us again and he informed us recently that his suppliers have some new products that are going to guarantee him a better and more improved result that will make his work last us a little longer.

You will all be notified in the next few weeks when this work will begin so you can remove your cars from the parking lots to make way for this job to begin and be completed.

## INTRODUCING:

One of our newest renters here is Bill Koczara and Karen Besimer who have lived here about a year now. He is also the owner and founder of Charing Cross General Contracting Co. whose specialty is roofs. His firm has been in the business of installing roofs since 1969 and does quite a bit of work related to this subject. Bill recently attended part of one of our board meetings and brought us warranties of all the work he has done for us thus far. In addition, he also brought along quite a lot of material showing us materials he uses, pictures and diagrams of the work he has done along with his outlook and methods on how to go about repairing roofs. He also presented ways and methods we can improve on replacing our roofs when the need arises and to protect the structure and its contents as long as possible, in addition to any damaging effects from weather conditions. We hope to be able to work with Bill as the need for other new roofs are needed here at Meadow Lake. We anticipate another 2-3 additional roofs yet this season. Thank you for all the good work Bill.

## MAKING MENTION

We would like to request that our stand-alone boxes that are mounted next to both sets of mailboxes are to be used for Meadow Lake Association only. These boxes were installed for only our use for making important announcements to our residents, not for advertisements of any type or for selling items. Please respect our requests in this regard. Thank you.

## LAWN WATERING

Many, many thanks to of all residents who have been diligent in taking such good care of their property with keeping their lawns watered. Most of you have been very conscientious about this tedious task and it is greatly appreciated. Most lawns look extremely nice. Unfortunately, there are a few that people don't see to have the time or unable to do this simple task to show pride in their homes.

Our property looking nice is an investment for all of us, so yes; it does take a little work. We are down to only a few condos that are empty right now so any neighbors that are helping to water those lots is very helpful. We also have several people that are assisting with this work in the common areas as well as helping their incapacitated neighbors, and we are very grateful to them also. Thanks for all your efforts.

## WEEDS AND GARDEN TRASH

This morning while bringing in our recycle containers one of your editor's neighbor's noticed a paper lawn clipping bag that had been put out with the recycle items. The trucks from Tringali, of course, left it behind and she being a great gardener, left it under the meters of our building for our lawn workers to pick up.

A couple of years ago when we got brand new brochures from our current trash collector, Tringali, their brochure did say that they would pick up Yard Waste but Harrison Township changed that ruling and now yard waste must be put in the large brown paper bags (no plastic bags) by your meters, not at the street with normal trash. We have mentioned this before but apparently people forget or new people come in so it is necessary to repeat this policy.

Incidentally I was very impressed with the diligence of Emerald Isle a few weeks ago when it rained on Wednesday, and they came back the next day when it also rained. Seemed like they were back almost every day the next week to make up for the lost time. We are fortunate to have such conscientious workers in our employ.

## MEADOW LAKE BOARD MEMBERS

President: Alan Goodrich 248/842-6431(cell)  
Treasurer: Pauline Nyboer 790-2760  
Secretary Sue Bolger 292-5797  
VP/Grounds: Sue Head 790-2431  
VP/ Maintenance Terry Entwistle 791-2040

WEB address: [www.mymeadowlake.com](http://www.mymeadowlake.com)

Please use phone numbers only for emergencies

## IMPORTANT PHONE NUMBERS:

1-877-WASTE19 (1-877-927-8319)  
Tringali Sanitation Call before leaving  
large items out for pick up.

(586) 469-5151 Macomb County Sheriff Department  
Dispatch. Operator. (For non-emergencies only)  
*And of course 911* for life or property threatening  
emergencies for fire, police or ambulance. Be ready  
to give address and directions to the operator,  
especially if using a cell phone.
